- In early February 1999, Xenogen received from Howrey & Simon a copy of the first Office Action on the merits in the above-referenced case. The Action had been mailed from the USPTO on January 22, 1999, and did not take into account a Preliminary Amendment faxed to the USPTO on November 12, 1998. Charles Sholtz therefore telephoned the Examiner on February 11, 1999, to inquire as to whether the November 12, 1998 Preliminary Amendment had been entered. During the phone conversation, Examiner Ryan apparently located the Preliminary Amendment, indicated that it would be entered, and further indicated that she would vacate the Office Action of January 22, 1999 and issue a new First Office Action.
- C. Sholtz again telephoned the Examiner on April 20, 1999, to inquire as to whether the new First Action had been sent. Examiner Ryan informed C. Sholtz that she had not yet issued the new First Action, and that she would do so shortly (but probably not this week).
